Michael@michaelbrodis.com

SKILLS

C, C++, HTML5, CSS, Linux, Git, OOP, Java, Team Leadership, Critical Thinking,
Android Programing, Microsoft Visual Studio

Projects

Personal Website *www.michaelbrodis.com*

- Using modern HTML5 and CSS i created an aesthetic personal website

Android Quizlet app *Android Studio / Java*

- I made a simple quiz app using Android studio, modern Java, MVC project design, and event based programing

Minecraft court Plugin *Spigot Framework / Java*

- I made a plugin for a minecraft server that I was the lead dev on. The plugin interacted with the minecraft spigot framework to give the experience of a legal court.

Snake clone *C / windows programming*

- I clones the nostalgic snake game using data oriented programming, pointers and references, and the C programming language
